

## Practice Scenario Worksheet

This worksheet was created based on the ethical decision making model created by the Markkula Center for Applied Ethics at Santa Clara University. You can visit their website for more information: <https://www.scu.edu/ethics/ethics-resources/ethical-decision-making/a-framework-for-ethical-decision-making/>

For each scenario, use the following template in conjunction with the Prevention Think Tank Code of Ethics.

Briefly summarize the scenario	
Identify the ethical issue	
Capture the relevant facts	
Evaluate options	
Make a decision	

In practice, you would not only make a decision, but test it and then act and reflect on the outcome. If you proceeded with the decision above: What could you foresee happening as a result? How might you reflect back on your action and the potential outcome?
