

The preconference will take place on April 20, 2020, prior to the 43rd Annual Governor's Conference on Substance Abuse. The preconference will focus on person centered planning for individuals with substance use disorders and co-occurring conditions, specifically addressing brain injury, intimate partner violence, opioid use disorder and problem gambling.

Cost for the preconference is \$50 for the day. This includes entry to all sessions, lunch and refreshments.

Funding provided by state appropriations, the State Opioid Response (CFDA 93.788) federal grant and the Substance Abuse Prevention and Treatment Block Grant (CFDA 93.959).

**April 20, 2020**  
**PRECONFERENCE**  
**THE 43RD ANNUAL**  
**GOVERNOR'S CONFERENCE**  
**ON SUBSTANCE ABUSE**

Hy-Vee Hall  
730 3rd St, Des Moines, IA 50309

The preconference for the 43rd Annual Governor's Conference on Substance Abuse is a part of the Iowa Department of Public Health's Division of Behavioral Health Initiatives that support prevention, treatment and recovery from substance use disorders and problem gambling.

# OBJECTIVES

## Panel: Person Centered Planning 101 (first hour)

Participants will be able to:

1. Describe the intersection between substance use disorder/ and co-occurring conditions such as brain injury, intimate partner violence, opioid use disorder and problem gambling.
2. Define brain injury, problem gambling, intimate partner violence and opioid use disorder.

## Panel: Person Centered Planning 102 (second hour)

Participants will be able to:

1. Demonstrate how to identify co-occurring conditions that impact substance use disorder.
2. Discuss how to screen individuals with substance use disorder for brain injury, problem gambling, intimate partner violence and opioid use.

## Concurrent Session 1 (201): Assessment, Interventions, and Treatment Planning (first deeper dive)

Participants will be able to:

1. Assess individuals with substance use disorder for brain injury, problem gambling, intimate partner violence and opioid use.
2. Explain how to individualize and develop interventions for individuals impacted by co-occurring disorders.
3. Plan services for individuals with substance use disorder and brain injury, problem gambling, intimate partner violence and opioid use.

## Concurrent Session 2 (201): Assessment, Interventions, and Treatment Planning (second deeper dive - repeat of the first)

Participants will be able to:

1. Assess individuals with substance use disorder for brain injury, problem gambling, intimate partner violence and opioid use.
2. Explain how to individualize and develop interventions for individuals impacted by co-occurring disorders.
3. Plan services for individuals with substance use disorder and brain injury, problem gambling, intimate partner violence and opioid use.

## Panel: Case Study (all together)

Participant will be able to:

1. Translate the recommendations for care into practical application in providing services to individuals with substance use disorder.
